

World Renewable Energy Congress/Network, WREC/WREN International Seminar in Britain, No. 87

August 25 – 31, 2013, PUMA – Old Ship Hotel, Brighton, UK

145 Kings Road, Brighton, East Sussex BN1 1NR, UK

Tel: 44(0)1273-329001, Email: oldship.reservations@barcelo-hotels.co.uk

RENEWABLE ENERGY Policy, Security, Electricity, Transport, Water Resources and the Environment

Among the Sponsors:

WREC

Swift-Hook Associates

Seminar Director

Professor Ali Sayigh

Chairman of World Renewable Energy Congress and Council, Director General of World Renewable Energy Network (WREN), Chairman, Founder of the Arab Solar Energy Society, Past Chairman of the UK Solar Energy Society, Director Solar Seminars at ICTP- Trieste, Italy 1977-1995, Professor and head of Solar Energy: Saudi Arabia, Kuwait, and Reading Universities from 1969 to 1994. 1994- 2002, professor at the University of Hertfordshire. Founding member, The Arab Science and Technology Foundation (ASTF), Sharjah, UAE, Fellow of the Institute of Energy; Fellow of the Institution of Electrical Engineers (IET); Chartered Engineer; Chairman of Iraq Energy Institute. He has published more than 500 papers and written and edited more than 36 books.

He is editor and editor-in-chief of several international journals including the one which he founded in 1983 Solar and Wind Technology which is now called Renewable Energy –an international journal published by Elsevier Science Ltd. He established with Sovereign publications and recently with Ten Alps the annual Renewable Energy Magazine in 2000, Coeditor-in-chief of ICPSR Journal” ISESCO Vision of Science and Technology and Editor-in-chief of Comprehensive Renewable Energy (8-volumes)- an online research resource.

RENEWABLE ENERGY Policy, Security, Electricity, Transport, Water Resources/Management and the Environment

For more details please contact: World Renewable Energy Congress, PO Box 362, Brighton, bn2 1yh, UK, Tel. (44)1273 625643, Fax (44)1273 625768, email: asayigh@wrenuk.co.uk, web: www.wrenuk.co.uk

RENEWABLE ENERGY

Policy, Security, Electricity, Transport, Water Resources/Management and the Environment

The seminar will review the role of renewable energy systems in meeting the world energy demand in electricity and focus on up to date technologies in manufacturing, buildings, transport and water resources and management. Special attention is given to environment and energy saving. It will open the opportunity to participants to learn and co-operate with various industries and to notice the progress in renewable energy development. It reviews the climate change and other strategies.

Main topics covered during the seminar will include:

- climate change
- global warming
- Energy Economics
- update on renewable energy
- wind energy Technologies
- biomass industries
- Waste to Energy
- photovoltaic technology
- heating and cooling applications
- low energy buildings
- energy saving in buildings
- Low energy architecture & Building materials
- project finance and incentive

- carbon tax and trading
- fuel cells
- hydro power, Marine Current
- Technology, water resources & management
- **organised industrial and social programme**

Some of the expected speakers include:

Prof AbuBakr S. Bahaj
Southampton University

Dr L Kazmerski
NREL, USA

Prof. Phil EAMES
Loughborough University, UK

Prof Ali Sayigh

WREN, UK

Prof R Critoph
Warwick University, UK

Mr Tony Book
Riomay, UK

Mr M Alder
AEP, UK, Wind Direct

Mr David Porter
AEP, UK

Dr A Williams
Nottingham Univ., UK

Prof M Y Othman
University Kebangsaan Malaysia

Prof K Sopian
University Kebangsaan Malaysia

Mr David Milborrow
Prof Andrew J. Miller
Univ of Brighton

Prof Giuliano C Premier
University of Glamorgan

Dr Mark Jentsch
Southampton University

Prof Nader Al-Bastaki

Consultant, UK

Prof Dr D Chieduk
Warsaw University of Technology, Poland

Dr Faiq Billal
ISESCO, Morocco.

Mr Bill Watts
Max Fordham Associates

Bahrain University

Mr Adam Wheeler

Elsevier, Oxford

Participants

The seminar is important for policy makers, industrialists, government agencies, decision makers, researchers, managers, and manufacturers.

Numbers

There are places for 30 participants and these will be allocated on a first-come first-serve basis.

Fees

Fully residential fee: £1000
(One thousand Pound Sterling)

The fee includes

- the cost of 6 nights accommodation in single rooms with private bathroom or shower
- all meals, Except Sunday night 25 August And Wednesday Evening
- full academic programme, including industrial and social programme
- welcome and farewell packs including programme, speakers' notes, local information, etc)
- seminar certificate and group photograph
- experienced seminar manager in daily attendance.

This is a residential seminar. We are unable to accept non-resident participants and regret that requests for reductions or refunds cannot be accepted.

Accommodation before and after the Seminar

Any participant who wishes to stay extra days must arrange his/her stay directly with the Hotel Manager.

Joining instructions

Participants will be sent joining instructions, including directions for reaching the seminar hotel, the postal address and telephone number of the hotel and the latest time of arrival.

Seminar location

The seminar will be held in Brighton City, Brighton is a south- coast city noted for its theatres, music, museums, cinemas and art galleries, as well as a wide variety of shops. Nearby there are places of outstanding historical and geographical interest, including Arundel Castle, Alfriston, Lewes, Eastbourne and Beachy Head. Brighton is easily reached from central London (one hour by train), and from Gatwick airport (30 minutes) and London Heathrow airport (1 hour).The Hotel is on the sea front 10 minutes from Brighton railway station.

Seminar dates

The seminar will commence at 9:00 Monday morning on 26 August, 2013 , and will close after breakfast on Saturday 31 August 2013.

International travel

Participants should make their own travel arrangements to and from the seminar centre. They are strongly advised to make

return reservations before leaving their own country as it may be difficult to make them after arrival.

Insurance

Seminar participants are strongly advised to make arrangements for travel and health insurance before their departure.

Cancellation of the Seminar

If obliged to cancel the seminar, the World Renewable Energy Network reserves the right to do so without indemnity, subject to the return of any registration or enrolment fees already paid.

WREN is a worldwide network of organisations promoting environmentally safe and economically sustainable renewable energy. WREN has been established to support and enhance the utilization and implementation of renewable energy sources; to further the communication and technical education and networking among scientists, engineers, technicians and managers in this field of renewable energy, climate change and global warming; and to address itself to the energy needs of both developing and developed countries.

For Application Form, please see our website: www.wrenuk.co.uk
